

Classroom Contest!

Dear Parents,

A classroom competition will be starting next month to help encourage everyone's participation in this great program. Containers for the Box Tops will be placed in each classroom (pre-K through 8th grade), and all families are encouraged to submit their collected Box Tops on a regular basis. The submitted Box Tops will be counted each month, and the classroom with the greatest number per student will be recognized with a traveling trophy and a small treat.

At the end of the school year, we'll have a celebration (such as a small ice cream party) for the winning classroom.

Please continue to clip the Box Tops from the items you use everyday: check your pantry, fridge, bathrooms, and home offices for participating products.

Thank you for responding to our previous requests to submit your Box Tops for Education. So far this school year, we have earned over \$775! Our school's goal is to earn at least \$1000.

You can go to the Box Tops for education web site <http://www.boxtops4education.com> for a complete list of participating products, coupons, and to track our school's earnings.

Please contact me with any questions about this program, and / or if you'd be able to volunteer to help with counting the Box Tops, which is an easy way to complete service hours from your home.

Thank You!
