**Volunteers will be called before Super Saturday. Questions? Call (717) 569-5265**

**Free Parents-Only Workshop - 9:30-10:30!**

Check off "Parents-Only Activity" on the back of this form to sign up!

Gifted Kids: A Different Kind of Normal — What is "normal" for a gifted child is different from the more typical child. This program will review characteristics of gifted children and how those traits can have both advantages and disadvantages.

*Presented by: Carolyn Hoy, Warwick School District Gifted Teacher and Melanie Calendar, Lititz Elementary School Principal*

**Free Teen Workshop - 10:30-12:00!**

Check off "Teen Activity" on the back of this form to sign up!

PA should treasure our best students by seeking excellence not proficiency. Districts should not make students waste time or repeat material already learned. Our legislators need to hear from our best and brightest students that every student deserves to learn something new each day. Learn how to meet with your legislator, speak your mind, and make a difference in the education of high achieving students. You could win a prize after a visit to your local legislator.

Sponsored by the Pennsylvania Association for Gifted Education (PAGE).

*Presented by: Ian Moran, Program Manager at Education Voters Institute*

**1. Express Yourself in Spanish!..... K-6**

*Michelle Salinas, Your Language Connection*

Learn practical phrases to share your likes/dislikes, needs/wants, and feelings by playing games, singing songs, and having fun.

**2. Nurses and Their Many Hats..... K-2**

*Aislynn Moyer, MSN, RN and Dianne Kiudraw, MSN, RN*

*Lancaster General College of Nursing and Health Sciences*

Where in your community can you find nurses? Nurses are everywhere. Come decorate your own nurse hat as we discover all the different hats that nurses wear. You may be surprised!

**3. Mediums of Art..... K-6**

*Venus Clements, Lancaster Museum of Art*

See the difference between oil, pastel, charcoal, and other artistic expression and have the opportunity to try it out for yourself

**4. Yoga..... K-6**

*Debbie Winchell, Cricket's Performing Arts*

Learn to relax while improving endurance, flexibility, and tone. Wear comfortable clothes.

**5. Sneeze!..... K-6**

*Rita Wise, D.Ed., MSN, RN,*

*Lancaster General College of Nursing and Health Sciences*

In the battle for your body, it is the germs vs. your immune system. Find out what kinds of weapons you have to defend . . . *and destroy!*

**6. Jazz Up Your Look!..... K-6**

*Gee Gee, Gee Gee's Cut*

Learn to French braid your own hair or dress up your nails by practicing on a mannequin and yourself.

**7. Gymnastics ..... K-6**

*Accelerations Gymnastics Academy*

Strengthen your body and improve your technique.

**8. Super Sleuths..... 1-6**

*Dan Jerchau and Bob Herbert, Lancaster Science Factory*

Figure out who done it by lifting finger prints and analyzing crime scene evidence with a retired police officer.

**9. Math Magic Tricks ..... 2-6**

*Erich Goldstein, Mathematician*

Come learn some magic tricks! No slight of hand required. Just math! See how magical mathematics can be.

**10. Create Your Own Clay Mask, Bowl, or Tile..... 3-6**

*Jen Switch, Jen's Pottery Den*

Let your creativity shine as you stamp, carve, and paint your way to an original work of art. Dress for a possible mess.

**11. It's Mindboggling! ..... 3-6**

*Stacey Ruch, PhD and Amanda Price, PhD*

*Lancaster General College of Nursing and Health Sciences*

Explore the human brain up close to learn how the mind works and what the world is like for people whose brains aren't working properly. Get to touch a real brain!

**12. Lego Machines ..... 3-6**

*Len S. Litowitz, Millersville Technology Camp*

Participants will build LEGO models to learn about types of simple machines and mechanical advantage. An open-ended challenge will be provided for the last part of the session!

**13. Creative Writing Rocks! ..... 3-6**

*Melissa Greene, Writing From the Heart*

Awaken to the wonder and excitement of writing, not just the rules. Bring a pad, a pencil, and some wings so you can fly!

**14. "All About Me" for Girls..... 4-6**

*Dr. Christine Stabler, OB/GYN, Lancaster General Health*

A girl's survival guide to puberty, and learning to care for yourself. Moms are welcome to join.

**15. Hip Hop ..... 4-6**

*Elaina, Encore Dance Center*

A high energy class that uses the latest sounds in rap, R&B, and pop music together with movement influenced by some of today's hottest video choreographers. Hip hop encompasses movement that allows you to develop your own sense of style. Dress Comfortably.

**16. Chemical Connections ..... 5-6**

*Ernie Coleman, Chemist*

Discover polymers: the chemical that makes up the clothes you wear, the plastics you use, and even the food you eat!

Yes! Sign me up for Super Saturday. Enclosed is my \$15.00 registration fee (\$10.00 for LC PAGE members). To get an LC PAGE Membership form, visit [lc-page.blogspot.com](http://lc-page.blogspot.com) and click on "become a member." Make check payable to PAGE - L.
